EZMax: The Mobile Suite for Maximo

InterPro Solutions is the first and only company offering a suite of Maximo mobile apps **built exclusively for Maximo** – using **native Maximo rules, permissions and datastores** – eliminating double updates, data lags and synchronization failures.

The EZMax Suite apps expand upon native Maximo capabilities to mirror the way people actually work – with intuitive interfaces, bold graphics, and clear functionality – and are **used by many of the world's most asset-intensive organizations.**
