# Asking ChatGPT to Roast Portland

Ah, Portland, Oregon! The place where flannel shirts are a fashion statement, not a necessity, and where you can find a food truck on every corner, serving "artisanal" bacon-wrapped tofu burritos. It's a city that's been described as the land of "bike lanes and beard oils." You can never go wrong in Portland as long as you remember to wear your "I'm not from here, but I wish I were" expression.

Let's not forget the local obsession with coffee. In Portland, you'll find a café every two feet, each one claiming to brew the "most ethically sourced, small-batch, third-wave, cosmic bean." If you get your drink wrong, you might as well have committed a crime against the city.

And the weather? Oh, Portland's idea of sunshine is the moment the clouds break for 30 seconds—just long enough for you to forget your umbrella, then BAM! It's raining again.

- ▶ But hey, at least in Portland, you can look forward to *unparalleled* people-watching. From someone wearing a cape for no reason to that person who just *has* to explain how kombucha is "life-changing," Portland's got you covered.
