Karson Wynne | CEO, EAM Specialists

Built from the field up

30+

years in maintenance
and operations

Experience across

- Power generation
- Manufacturing
- Federal facilities
- Data centers

700+

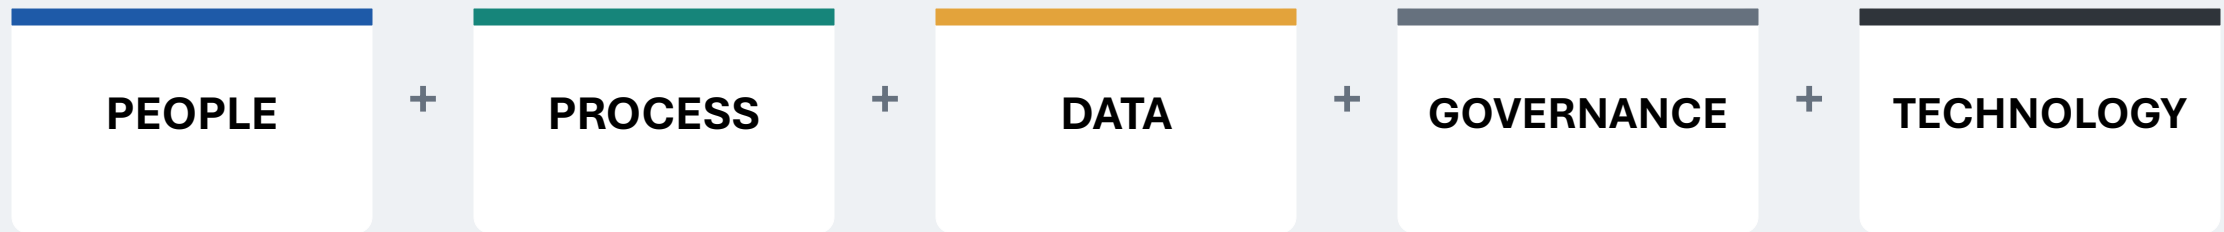

federal facilities

Maximo program
leadership
across six states

The real challenge is alignment

Organizations rarely struggle because people don't care or technology is missing.

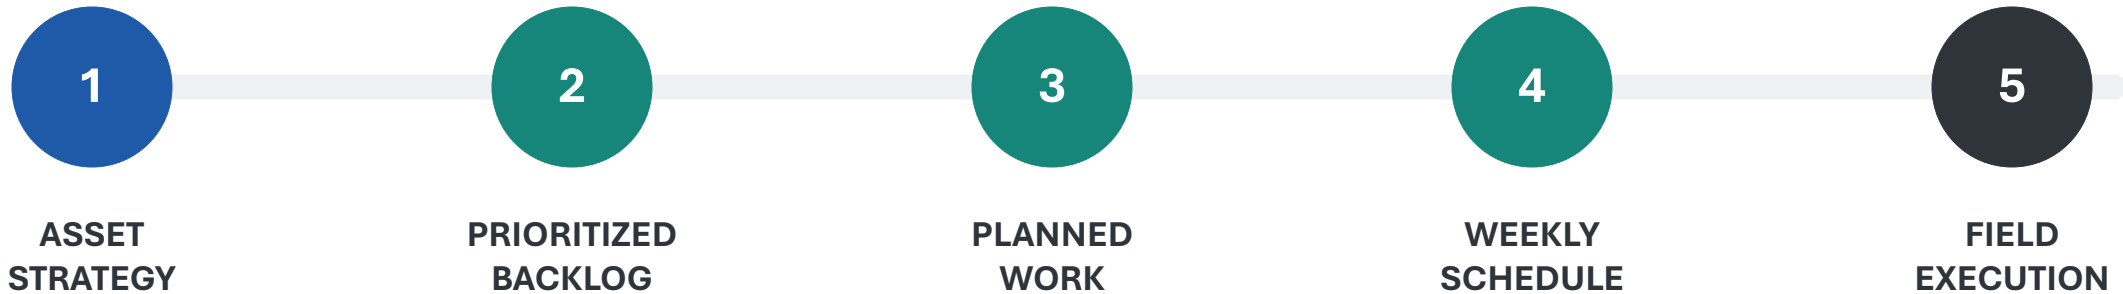

EAM Specialists helps these five elements work as one operating system.

Planning and scheduling makes work executable

Maintenance priorities become field results through a disciplined work process.

WITHOUT THE FOUNDATION

Maximo records work.

WITH THE FOUNDATION

Maximo helps drive performance.

Let's move maintenance from reactive to reliable.

Connect with us if you're working through:

- Backlog
- Planning & scheduling
- Maximo adoption
- Workforce engagement
